

## IS CANDIDATE REQUEST FOR PLACEMENT THIRD BLOCK

### INTERMEDIATE ( GRADE 7/8 )

Candidates who are interested in completing an Intermediate (grade 7/8) placement for the third block must have highly successful (no checks in marginal and no more than 5 checks in satisfactory) in both teaching subjects in the fall. We make every attempt to place candidates at feeder schools to their present placement; however, sometimes this is not possible.

Please list below geographic preferences within our catchment area in case a feeder school is not available. (See map <http://educ.queensu.ca/practicum/final-year/registration/MapBoards.pdf>) There is no guarantee that a grade 7/8 placement will be secured at all, so be sure you have a tentative arrangement to return to your present Associate School for the third practicum block. Once a placement has been confirmed no changes will be made.
